

Specification

| Model | T8 | Material | ABS engineering plastics + Aluminum alloy |
|----------------------|--------------------|----------------------|---|
| Color | Silver Golden Blue | Dimming way | Touch dimmer |
| Light source | LED | Body Size | 430*180*146MM |
| Power | 10W | Package size | 410*242*100MM |
| Color temperature | 3000K-7000K | Net.weight | 1537G |
| LED QTY | 56 | Length of power line | 150CM |
| Color rendering | RA>90 | Wide power | 100-240V |
| Highest illumination | >1000LUX | Protection class | IP20 |
| Adapter output | DC12V | USB output | 5V 250MA(MAX) |

Operation Notes

- 1、Do not over-adjustment of the product each active joints, to avoid damage
- 2、Do not place the product is tilted or unstable table, in order to avoid falling damage
- 3、Do not place the product in a hot or humid places
- 4、To avoid eye injury, do not look directly at the light source for a long time
- 5、LED cooling shade is aluminum, prolonged use, the temperature at around 50 degrees Celsius is normal, will not cause harm to humans
